

Relax, adventure and surprises

A typical Mediterranean fishermen's boat sails on Lake Lugano

Excursion 1 - Panoramic Cruise

Starting from Central Park (or a pier to be defined) we admire Lugano's lakeside promenade from the water and the famous Villa Favorita, to reach the fishing village of Gandria. Crossing the lake we go along the Via dei Grotti to Caprino to see the enclave Campione d'Italia.

The navigation continues passing under Capo San Martino and the imposing San Salvatore, before returning to the pier.

During the tour there will be time to swim and toast to the dolce vita.

Excursion 2 - Experience the boat and the lake

Starting from Central Park (or a pier to be defined), two hours of relaxation on the boat without a prearranged itinerary: sunbathing lying on soft cushions, toasting, taking a swim or a stroll through a fishing village.

Let's discover the places and stories of Lake Lugano

Giovanna will be happy to tell you the story and the anecdotes related to these evocative places, offering you friendliness and a warm welcome.
